ANTIQUE & COLORED MIRRORS

BY GLASPRO

**G**lasPro's antique, colored (tinted), and colored dapple mirrors give a sense of depth and elegance to walls, partitions, doors, displays, ceilings, furniture and elevators. The antique and colored mirrors feature an optional safety film for added impact protection.

# ANTIQUÉ MIRRORS

GlasPro Antique Mirrors offer completely lead-free top coat and < 0,15% lead in the wet basecoat. GlasPro Antique Mirrors are resistant to natural atmospheric corrosion – thus reducing the unsightly problems of black edges and spot faults. Available as an option: GlasPro Antique Mirror Protect incorporates special safety film for added impact protection and complies with ANSI Z97.1 and 16CFR 1201 standards. Mirror Protect is not necessary if the glass is laminated.

# COLORED DAPPLE MIRRORS

The soft subtle surface gently mutes the reflective qualities of the colored mirror. GlasPro colored (tinted) mirrors offer completely copper-free top coat and < 0,15% lead in the wet basecoat. GlasPro colored mirrors are resistant to natural atmospheric corrosion – thus reducing the unsightly problems of black edges and spot faults.
